ATLANTIA BOD: WILLINGNESS TO CONSIDER A POSSIBLE OFFER BY CDP AND OTHER INVESTORS FOR THE 88% OF AUTOSTRADA PER L'ITALIA

Rome, 13 October 2020 – The Board of Directors of Atlantia has expressed its willingness to consider a possible offer by Cassa Depositi e Prestiti (CDP) – made together with other national and international investors - in the context of a potential agreement for the purchase of the entire (88.06%) stake in its subsidiary Autostrada per l'Italia ensuring the fair market valuation of ASPI's stake.

Such hypothesis is in fact in line with the letter sent by Atlantia to the Government on 14 July and with the subsequent deliberations of the company's Board.

A period of exclusive talks has been granted by Atlantia to CDP until 18 October 2020.
