

Mundys

Mundys is a global group that integrates mobility infrastructures and services, rethinking the travel experience from highways to airports and digital solutions in over **600 cities** worldwide. In 2025, the Group reported **revenues of €9.6 billion** and an increase in both airport and motorway traffic volumes, confirming a solid economic and industrial performance.

Airport business

In Italy, through the subsidiary **Aeroporti di Roma (ADR)** Mundys manage the airports of Rome **Fiumicino** and **Ciampino**. Leonardo da Vinci Airport of Fiumicino is one of only twelve hubs worldwide to hold the **Skytrax 5-star** rating for service excellence and passenger experience quality. In 2025, Rome Fiumicino Airport surpassed 50 million passengers for the first time as a single airport, further strengthening the leadership of the airport system of Rome. The airport continues to rank among the top in Europe and globally for service quality, safety, and sustainability.

In **France**, through the subsidiary **Aéroports de la Côte d'Azur (ACA)** Mundys manage the airports of **Nice**, **Cannes-Mandelieu**, and **Saint-Tropez**. Nice Airport is the second busiest in France after Paris and is at the center of a major infrastructure development plan aimed at supporting traffic growth while

meeting ESG objectives. ACA has committed to achieving **carbon neutrality** without offsets by 2030 through the electrification of ground operations, the use of renewable energy, and structural energy efficiency measures.

Motorway business

In the motorway business, Mundys operates through concessions in 11 countries and is present in 24 countries worldwide through mobility infrastructure and services.

In 2025, the Group strengthened its presence through acquisitions in **France** and **Chile**, where Mundys is now the country's **leading motorway operator**.

Sustainability and Neya

57% owned by Edizione, Mundys directs its investments towards long-term sustainable growth. The Group is among the first Italian companies to have adopted a **Climate Action Plan**, which includes **150 concrete actions** aimed at achieving net-zero direct emissions (**Scope 1 and 2**) by **2040**.

Within this framework, **Neya** was launched as a benefit company fully owned by Mundys and dedicated to **carbon removal** primarily through **nature-based** solutions. Neya develops projects in reforestation, sustainable forest management, and marine ecosystem conservation, with the goal of generating CO₂ credits to support the decarbonisation of the Group's transport infrastructure, while also contributing to biodiversity protection and the development of local communities.

Investments and growth

In the period **2022–2025**, Mundys delivered total **organic investments** of over **€4.4 billion**, of which approximately **€1.4 billion in Italy**, aimed at strengthening

and expanding its concession infrastructure.

Over the same period, the Group also **planned more than €2.5 billion in investments for strategic acquisitions** in **France, Spain, Puerto Rico, and Chile**, further reinforcing its international presence.
